

Promotion May - July 2025

**Power fastener TF 350
with a free addition**
(Value € 428.–)

Fast and economical joining

Whether in ventilation or air conditioning technology, in container or apparatus engineering: joining is probably the easiest and most economical way to

connect two metal parts without connecting elements. With a power fastener, you need neither screws nor rivets, thus avoiding obstructions.

Free addition with TruTool TF 350 and TruTool 350 18V LiHD

Technical data

Power fasteners TruTool

TF 350

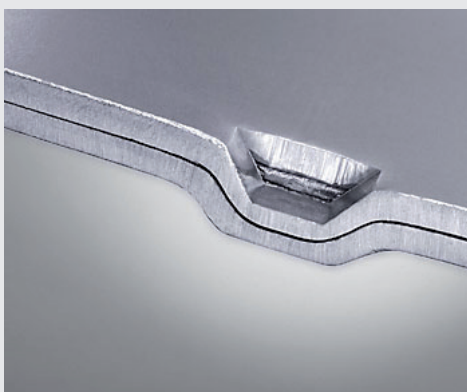

TF 350 LiHD battery 18V

Max. sheet thickness

Steel 400 N/mm ²	mm	3.5	3.5
Steel 600 N/mm ²	mm	2.5	2.5
Aluminium 250 N/mm ²	mm	4	4
Minimum sheet thickness	mm	0.8	0.8
Maximum locking power	kN	25	25
Max. stroke power	1/s	2	2
Edge distance	mm	8–58	8–58
Straight flange height maximum	mm	36	36
Rated input power	W	1700	
Voltage	V		18
Weight without cable	kg	8.3	
Weight with battery	kg		8
Length / height	mm	426 x 358	454 x 358

Overview

- Low-vibration operation, emission-free processes
- Simple single stroke activation with consistent strength
- Durable and corrosion-resistant joints in a single operation
- Rapid and simple adjustment to the most diverse applications
